INTRODUCTION

This Career Education Resource Bibliography has been compiled to assist you in locating materials pertinent to the development of career education programs--levels K-12. Information listed herein includes professional books as well as curriculum materials, films, tapes, and microfiche. Curriculum and audio visual materials are classified by career clusters.

If you desire to order any of the books, please refer to the Publisher's Index (pp. 69-75). Source of information for each film or cassette is listed under the title. Microfiche may be obtained from ERIC Document Reproduction Service, Leasco Information Products, Inc., P. O. Drawer O, Bethesda, Maryland 20014.

These documents have been reviewed by the Project Staff and used by teachers involved in Career Education Programs as part of Delaware's Occupational Vocational Education Model.
